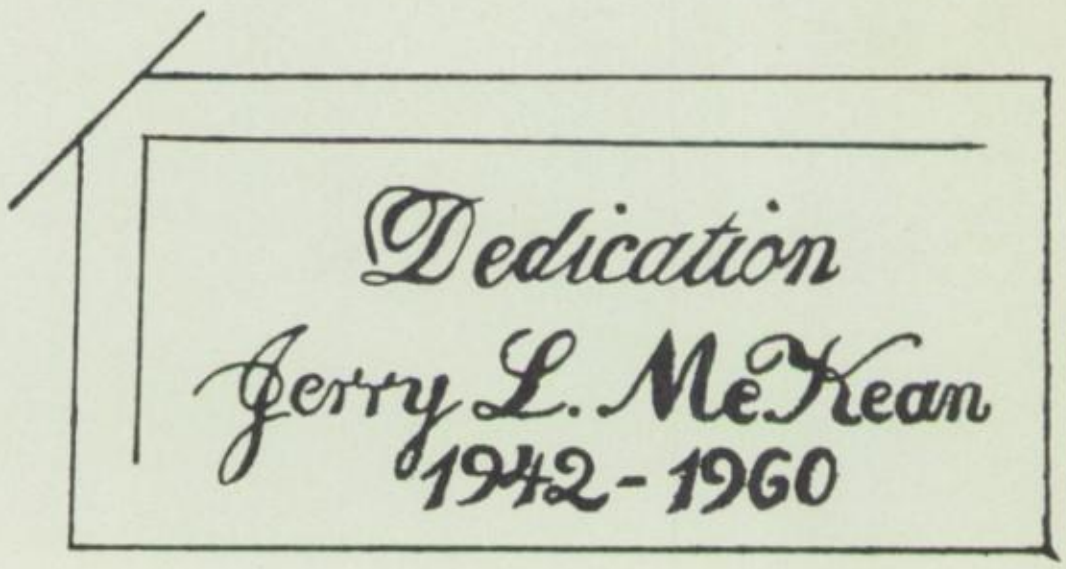
The length or brevity of life matters little. Fullness and sincerity are significant. Faith, friends, and usefullness are the yardsticks of life.

Jerry Lee McKean knew all of these. He expressed his deep convictions through action and attitude; his own friendship won for him the friendship of both teen-agers and adults. He was a willing volunteer.

His achievement remains a challenge to us all.



Life at Butler High with Our

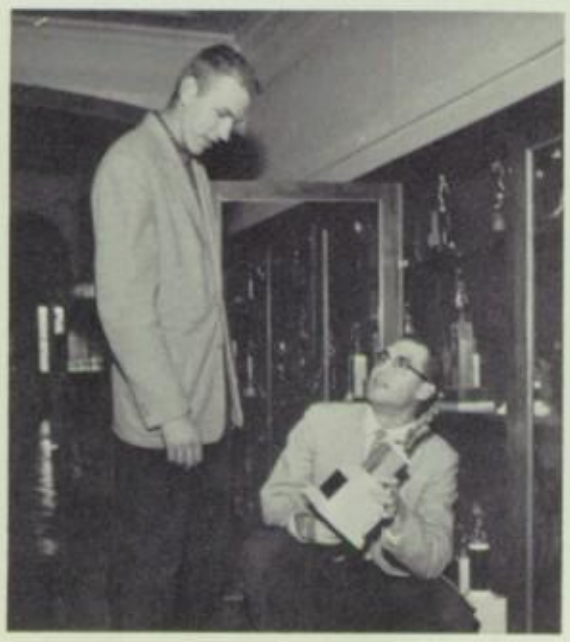
Faculty 12-19

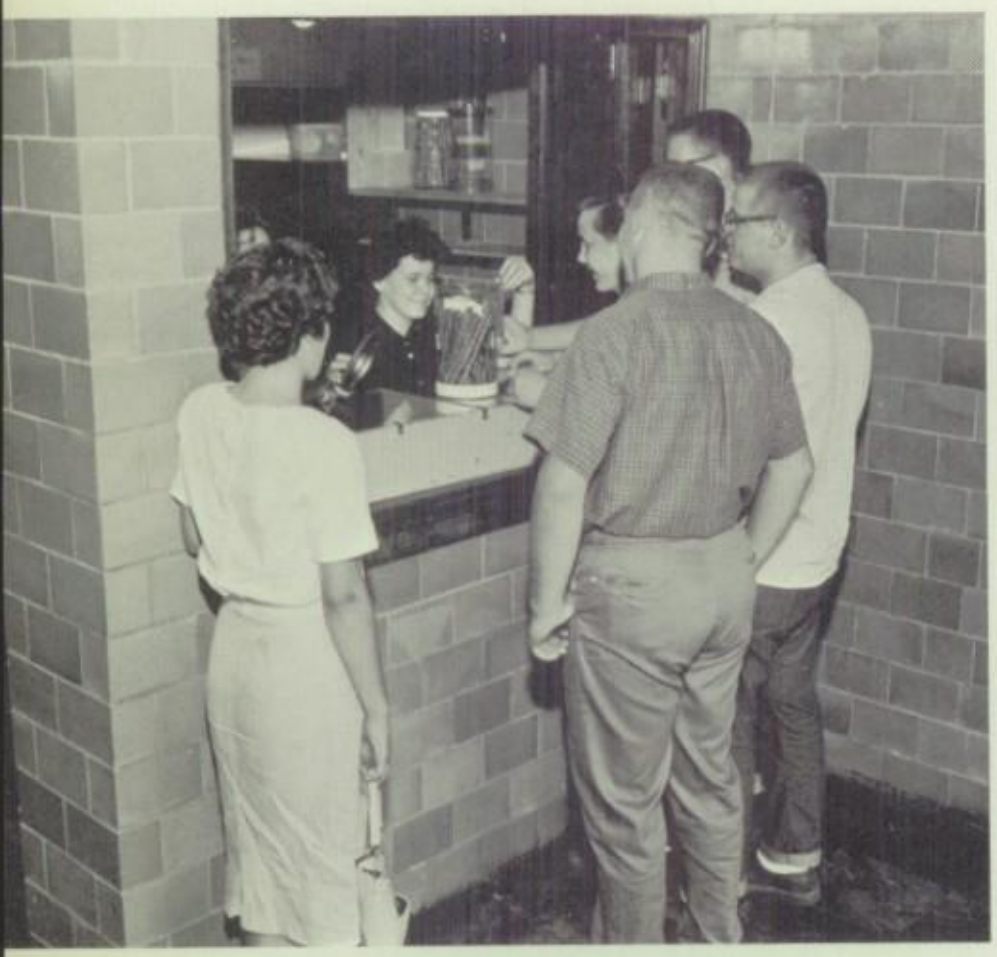
Seniors 20-27

Activities 38-51

Sports 52-62

Underclassmen 63-83





The junior concession stand offers anything from candy bars to pretzels.

These next few pages are dedicated to us, the teenagers of 1961. There are many ways we can recapture our youth, but one of the best is to recall our memories, those of our own private world at Butler High. We have fads and customs that in years to come will only be memories to us, and we hope that these next few pages will serve as a remembrance of our teenage life at Butler High.

One of our memories of Butler High is our love for music. We will always remember the fun we had at noon dancing and all the record hops after the ball games. Other noon activities were noon league, gab sessions, or a quiet walk up town or around the school yards.

Memories We Will

One of our many Convos.

Girls aren't the only ones who have gab sessions as these five senior boys demonstrate.

Compliments of BUTLER SHELL

One of the activities to pass the time at noon is dancing.

A familiar scene at noon is a group of girls discussing the latest school news.

Always Treasure

For boys there is always the noon league to occupy their noon hour.

One of the most familiar scenes at noon is the students eating in the cafeteria.

Fashions and Queens Add

We can never forget the pointed toes, boot shoes, and tennis shoes; matched skirts and sweaters, bulky knit sweaters, short skirts, button collars in ivy-league tradition, boys' sweaters of all size, shape, and color, the flattops and ducktails, ponytails and pageboys. These were all part of our favorite wardrobes in the year of 1961.

A group of girls display the latest styles of shoes.

Showing the latest fads for girls are Mary Pierson, Linda Nichols, and Suzie Pratt.

Discussing the latest fashions in sweaters for boys are David McClure, Dale Haynes, Terry Whitman, Jack Hoffer, and Jerry McKean.

Compliments of BERCAW IMPLEMENT STORE

Fun and Excitement to Our World

Another part of our life at Butler High were the exciting moments when our different queens were crowned. After the excitement of winning our first basketball game was the thrilling moment when the homecoming queen, Sandy Keller, was crowned.

On a frosty night with the school gym filled with laughter and fun, our second queen was crowned. Sharon Wilson and Jerry McKean were crowned Cinderella and Prince Charming.

Last but not least our third queen was crowned for the year of 1961. Tamara Lowe was crowned relay queen. Although next year will bring new candidates and new queens, we will never forget our queens for 1961.

Surprised but happy, Sandy Keller is being crowned 1961 homecoming queen by the 1960 homecoming queen, Marlene Kessler.

Smiling are Jerry McKean and Sharon Wilson as they are being crowned Cinderella and Prince Charming by Ronald Fisher.

Linda Nichols, Georgianna Reed, and Carla McKee watch as Mr. Gorrell crowns Tamara Lowe relay queen.

Compliments of WASSON TRUCKING

Pride of the Juniors--the wearing of their class rings. One of the biggest highlights in the lives of all students is the day they receive their class rings.

Finally after four years of waiting the day arrives when the senior pictures are taken.

A Great Day

All students look forward to the great day when they receive their class sweaters, class rings, and finally their senior pictures.

They start out in their sophomore year with the class sweater, then in their junior year they receive their class rings.

Then comes their biggest year and their senior pictures. Each item will help the students to remember his years at Butler High.

Proud Sophomores--A group of proud sophomores show off their class sweaters. Their next big moment will be when they receive their class rings.

Compliments of HENDRICKSON TAMDEM CORP.

One Goal — Trip

A big part in the life of a student at Butler High is working for his senior trip. This is a goal of every class; to earn enough money to be able to go on a senior trip.

In a student's freshman year, he just pays his dues. In their sophomore year they have the coat check. The juniors have the magazine sale, the concession stand, and the junior play. Seniors have paper drives, the senior play and any other project they can get to raise money.

Not only do these projects help to raise money for the senior trip, they also place responsibility and give experience; all which helps the student for his future years.

Paper drives can be fun as well as profitable the senior class finds out.

"Would you like to buy a magazine," Tamara Lowe asks one of her neighbors?

"Check your coat here" can be heard on the night of every home basketball game.

Compliments of KAISER PLUMBING ELECTRIC

Faculty and Administration

School Board Members: Keith Wilson, Dwight Sebert, Kent Myer, Wendell Cooper, and Keith Culler (absent).

Without the Board of Education our public schools would have a slim chance for existence.

We, Americans, proudly boast of our free education. The men elected to this office must be courageous, dependable, and trustworthy. The highest standards of education, as well as many other school functions, lie in the hands of these few men.

The Board of Education establishes the policies of our school. We are grateful for the careful consideration the Board gives in arriving at each decision.

Compliments of H. W. KNISELY

Mr. Zeller

One of the most highly respected men in the community is our superintendent, Mr. Zeller. He is responsible for the fine management of Butler Metropolitan Schools.

In his position, Mr. Zeller must see that our school follows state rules and regulations.

We wish to thank Mr. Zeller for helping Butler to maintain the high standard of education for which it is so well known.

Helen

Helen Houton, Mr. Zeller's able and efficient secretary, performs a countless number of duties.

Very few of us really realize and appreciate all she does. She is responsible for keeping all school records and has the ability to cope with all problems. We could not get along without Helen or her efficiency.

We Butlerites say "Thanks" to Helen for services well rendered; we are very proud and lucky to have her as a part of our school.

Compliments of ZEIGLER INSURANCE AGENCY

Mr. Lowe

Well known around Butler High School is our principal, Mr. L. E. Lowe. As a friend or as principal, he can't be beat in the opinion of most of the students. He holds meetings, interviews, makes announcements, and does many other things which keeps our school running smoothly.

There's always more to do and he doesn't mind helping people with individual problems. Seniors can tell you this when college time "rolls" around.

The students of Butler High are very lucky to have such a principal as Mr. Lowe.

Charlotte

Her laugh and smile are familiar . . . "Give her a typewriter, a telephone, and a problem; she's content!" Let the office become noisy and she's very "disturbed." Being the office secretary means real work, and there's plenty that Charlotte does in the high school office.

She not only performs many duties in the office, but she also finds time to be friends with the students.

Butler High School would never be the same without her friendly smile and happy face.

Cooks

Planning and cooking nourishing meals is only a small part of the job that our cooks Mrs. Jinnings and Mrs. Ginder do every day.

Clattering dishes as well as pots and pans can be heard coming from the cafeteria kitchen very early in the morning where the cooks are working to prepare the noon meal.

To Mrs. Jinnings and Mrs. Ginder goes a vote of thanks for a job well done.

Janitors

Busy every minute of the day are our fine janitors.

Whether it is a big problem or a small one they are ready to help in any way they can.

They over see that the school is properly kept clean and heated. Not a day goes by without seeing them cleaning up after us.

No matter how much work we cause them, our janitors remain happy and never lose their patience with us.

Bus Drivers

Responsibility, co-operation, an even temper, and a love for children go into the making of a good bus driver.

All of these fine qualities can be found in the bus drivers of our school.

Bus Drivers have the important job of bringing the rural students to school. They drive through rain, snow, fog, and sleet to complete their jobs.

Their efforts are appreciated by all.

Classes

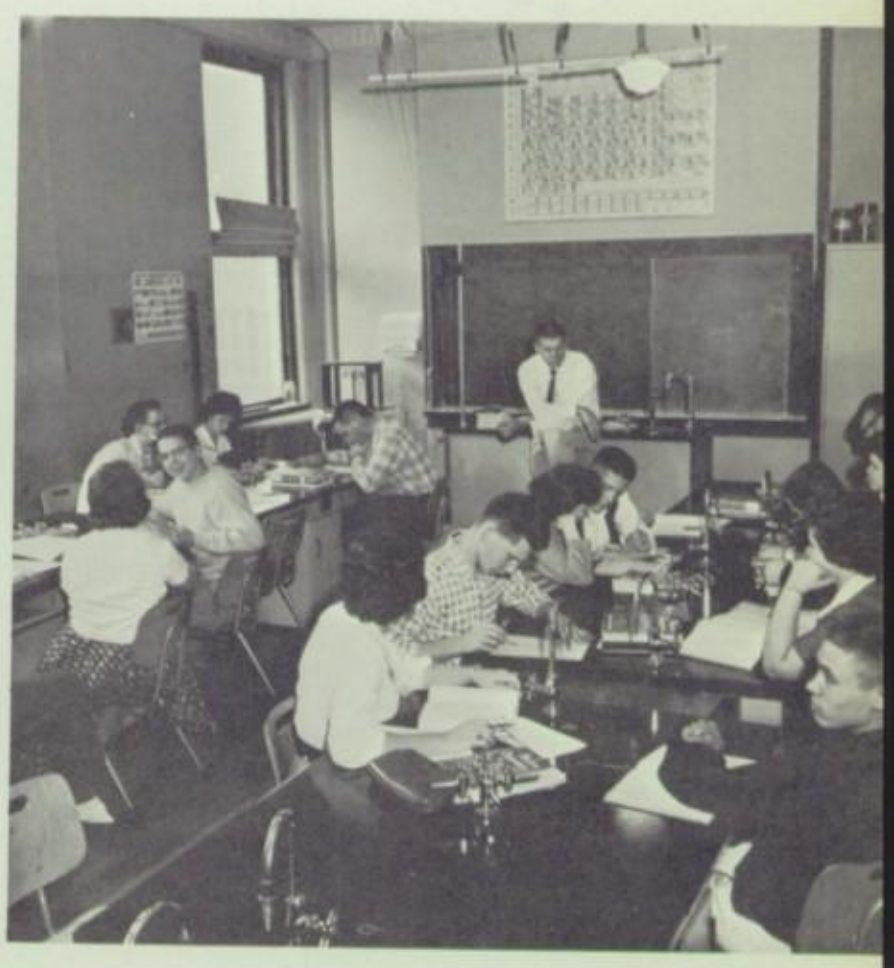
These Biology students appear to be deep in thought over their assignment.

High School presents many every day problems for the average student of today. Some of our questions may be answered by the subjects we take.

Biology teaches us about the development, structure, and function of plants and animals. Health and safety teaches a person how his body functions and how to care for it.

Chemistry experiments, and taking a plastic body of a human being apart to see how things really work all add to our knowledge.

Mr. Amstutz instructs the students at the board how to draw a diagram of the human digestive system.



Mr. Walters gives his students time to look over the chapter before he begins his questions.

Compliments of KELLEY PLUMBING & HEATING

Teachers Train Us for

The seventh grade math class listens as Mr. Akey explains the problems they are to do.

Mr. Akey explains to his geometry class about angles and vertex.

The senior math class tries to grasp the meaning of all the different terms Mr. Walter uses.

In life, a knowledge of many things is needed, one of these being a general knowledge mathematics.

Butler is equipped with a fine math program and staff. Under the guiding hands of Mr. Walter, Mr. Akey, and Mr. Gorrell, our students are taught the different forms of math. The courses offered at Butler are: algebra, geometry, general math, and advanced math. As math becomes more difficult each year, the student's mathematical knowledge is increased.

With this knowledge, the students are prepared to solve many of today's complex problems.

Compliments of BUTLER CANNING CO., INC.

Our Future Careers

Preparing students for the business world isn't always an easy task.

Butlers' fine commerical course is especially for those interested in business. Bookkeeping, Typing, and Shorthand are the three main courses offered in the business field. All of these subjects are offered to students of Butler High School.

With the help of the teachers, students soon learn how to undertake and do their assignments for these classes.

The bookkeeping class listens as Mr. Sutter explains the meaning of debits and credits.

Learning to type with speed and accuracy is not an easy task as any typing student can tell you.

Mr. Sutter explains to his shorthand class how to be a good secretary.

Compliments of REXALL'S DRUGSTORE

Students Develop Skills

Mrs. Bentley checks to see if Cheryl Baldwin is cutting the pattern correctly.

Vocational courses at Butler High School include, Home Economics, Shop, and Agriculture.

Combining their efforts Mrs. Bentley, Mr. Sadler, and Mr. Nordenbrock do everything they can to help their students.

In Mrs. Bentley's Home Economics class the girls learn to bake and sew. It also teaches them the basic fundamentals for housekeeping.

Mr. Sadler our Agriculture teacher, teaches boys how to plant crops and take care of livestock as well as the many different ways of farming and related occupations.

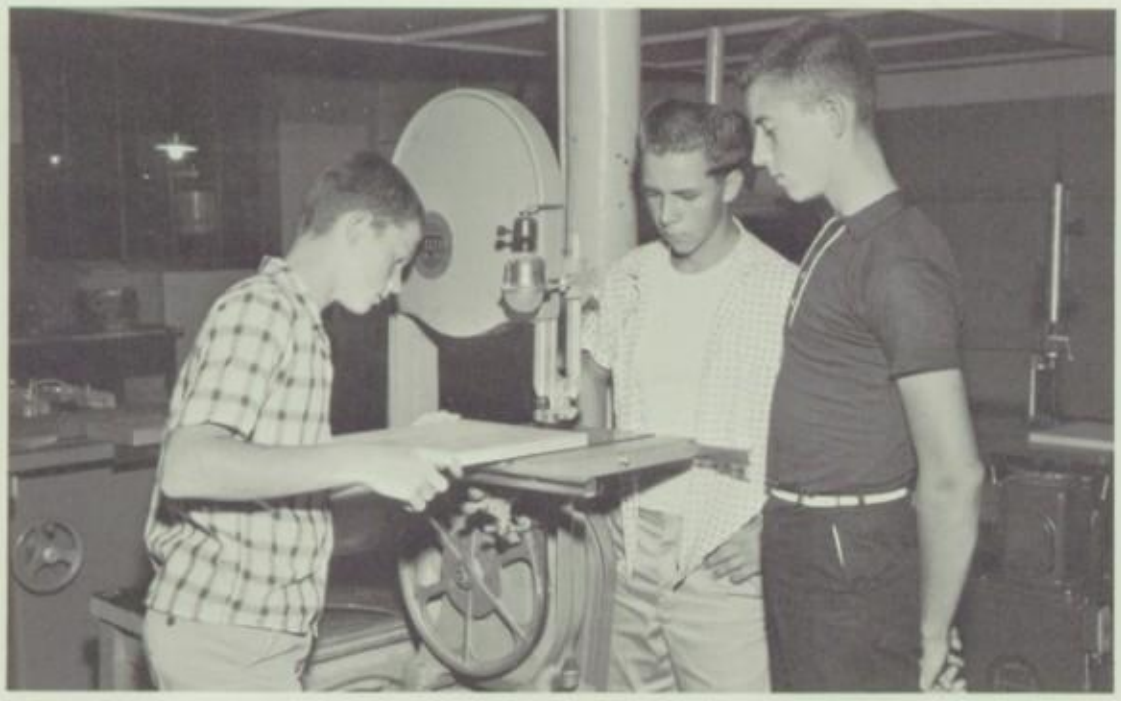
Mr. Nordenbrock, our Shop teacher, stresses wood-working and mechanical drawing.

Learning to sew can be fun as well as helpful to a girl's wardrobe.

for the Years Ahead

The agriculture boys listen to Mr. Sadler as he instructs them how to use their workbooks.

ONE OF THE MANY ACTIVITIES in vocational Agriculture shop.



"Watch me," Larry Walter tells his shop mates as he demonstrates how to use the machine.

"Don't get discouraged," Mr. Nodern-brock tells Lloys Beard as he tried to finish his drawing.

Compliments of MARSHALL CLOTHING MFG. CO.

English and Social Studies

Quiet Please ! These juniors are getting ready for an examination.

"Latina gratia esse potest." Mrs. Yeager is explaining the translation of a sentence in Latin to her freshman class.

A very important subject that is needed and used by everyone is English.

This year we have a good English department headed by Mrs. Halmel, Mrs. Yeager, Miss Griffith, and Mr. Johnson.

English grammer is being stressed in all of our classes today.

Speeches, book reports, themes, and many things similar to these are being stressed to students no matter what class they are in. The more English we have, the better prepared we are to go out into the world.

The Senior English class listens intently as Jack Everetts gives his speech.

Compliments of LAUB BROS. SHELL PRODUCTS

Us for Higher Goals

Our school offers courses in Social Studies, World History, United States History, Government and Sociology and Economics.

World History, the sophomore year, teaches the students how history began. It starts with the Stone Age and develops the history of the world to the present time.

In the junior year, United States History relates the history of our United States from the days of the thirteen original colonies to our present fifty states.

Seniors, in Government class, learn of the developments in the government down through the years.

Sociology and Economics also help the students to develop a better understanding of the problems and the solutions for their lives after High School graduation.

Government class listens to Mrs. Schubert explain the State Department.

History Class listens as Linda Hose gives her report.

Mr. Johnston helps Jerry McKean with a problem.

Compliments of Dr. DARRELL MILLER, Optometrist

Art

One of our many creative classes in art.

"Don't bump!" says Tommy Wasson as he puts the finishing touches on his painting.

Learning to develop their skills in art class can be a lot of fun as Kathy Kaiser, Donna Miller, Margret Hills, and Mary Peters find out.

The Art Department considered to be one of the most interesting and rewarding activities in our school, has once again lead a busy and most prosperous year.

Throughout the school year, with the aid of Mrs. Viscosi, we had achieved many goals and ambitions thought to be impossible before learning the skills necessary to achieve a project of satisfaction to the student and a thing of beauty for anyone interested in the more cultural aspects of life.

Compliments of HAROLD'S GROCERY STORE

Guidance Counselor and Librarian

Miss Griffith displays an announcement on the bulletin board in the study hall.

"What else would you like to know DeLilah," asked Mr. Johnston, the guidance counselor.

Whether you have a problem large or small Mr. Leonard Johnston, the guidance counsler, will be glad to help.

He helps students with their problems at school as well as with their problems in deciding about the future.

Another helper is Miss Griffith, our Librarian. Anyone having trouble finding a book to read can always count on Miss Griffith to come to their aid.

Last but not least is our third helper the study hall. Some might not think of it as being a helper, but it serves as a great purpose.

Students find that one study hall a day cuts down on the home work taken home at night.

"Quiet everyone." these students are trying to study. This is a familiar saying that can be heard in study hall.

Compliments of DWIGHT SEBERT, STANDARD OIL CO.

Student Council Leads the Way

STUDENT COUNCIL, TOP ROW: Sherry Kohl, Dale Parkison, Harold Huff, David Lane, Bill Schubert, Carrie Lou Teegardin, David Fisher.

BOTTOM ROW: Keith Imhoff, Karen King, Marvin Buttermore, Nancy Casebere, Phyllis Warstler, Mary Pierson, Ellen Sebert.

Our Student Council, here at Butler High School, consists of representatives selected by each class from Junior High through the High School grades. These representatives have the responsibility to present the views and opinions of the student body to the teachers and try to promote a better understanding between the faculty and the students.

This better understanding between the faculty and the students helps to develop new and better policies and standards for conduct in our school.

Under the direction of the sponsor, Mr. Johnston, the Council carries on its specific duties which are: overseeing student activities to see that they are in accordance with school policies choosing worthwhile and suitable convocations to sponsor during the school year, and selecting monitors to keep order in the halls.

STUDENT COUNCIL OFFICERS: Bill Schubert, president; Carrie Lou Teegardin, treasurer; Mary Pierson, vice- president; Sherry Kohl, secretary.

National Honor Society and Christian Clubs

The Butler Chapter of the National Honor Society had its beginning in our school in 1955. Since then our club has become a highly respected organization in our school and community.

Membership to National Honor Society is based upon Scholarship, Leadership, Character, and Service. Only sophomores, juniors, and seniors are eligible to join with the sophomores as probationary members.

With such an honorable organization as National Honor Society, all students at Butler High School should be inspired to become members. As members, the ideals of the club should be kept foremost in their minds to do service to school and community.

NATIONAL HONOR SOCIETY OFFICERS: President, David McClure, Vice-President, Nathan Houser; Secretary, Carrie Lou Teegardin; Treasurer, Carol Vose

ANNUAL STAFF, TOP ROW: DeLilah Harger, Doris Mason, Robyn Ulm, Carol Vose, Sharon Haynes. SECOND ROW: Marlene Sholl, Carrie Lou Teegardin, Steve Johnson.

The Tropaeum Staff of 1960-61

Busy at work on the annual are DeLilah Harger, Sharon Haynes, and Doris Mason.

Work on the Tropaeum began last year when the staff attended a meeting at New Carile.

The staff learned a lot of new and different ideas to put in the yearbook for "1961."

Taking pictures, writing copy, and figuring out new and different layouts were just some of the things they worked hard on during the year. After long hours of hard work, everyone on the staff could relax. The last deadline had been met. Finally the Tropaeum was filled with the wonderful memories of Butler High School.

Say It with Music

Twenty voices, blending as one, make up the Butler High School Chorus, a group that is "midget" in size but whose energy and musical talent are "gigantic."

Practicing with Mrs. McNall are the students who are going to the district contest at Fort Wayne. If a first place is achieved at the district, they are eligible for the State-wide contest.

Singing at outside engagements and rounding off their year by singing at the baccalaureate program, these members experience the thrill of competition and success as good music lovers.

CHORUS OFFICERS: Robyn Ulm, President; Philip Ault, Vice-President; Bob Holt, Secreatry; Sharon Thorp, Librarian.

BOOSTER CLUB OFFICERS: President-Ron Fisher, Vice-President-Carol Vose, Secretary and Treasurer-Jean Carr.

Excitement, excitement, excitement. This is only one of the many ways to describe some of the tense moments had by the Windmill fans.

Putting all they have into it, the yell leaders give the club that needed lift to make them yell when the odds are against us.

The requirements to become a member of the booster club are as follows: you are to have a season ticket to all the home games, back the ball team, and co-operate with the president and the yell leaders.

Last year, along with wearing white, each member wore a green and gold vest. This tradition was carried out again this year, and it made our booster club a very outstanding club.

Safety First

The Safety Patrol is an organization in Butler High School that we could not do without. They are responsible for protecting the safety of the students.

These nineteen volunteer patrol members are seen every morning, noon, and evening no matter what the weather.

The Safety Patrol members must be honest, trustworthy, dependable, and of course, capable.

Butler can thank the Safety Patrol for its outstanding record free of student mishaps.

Two high spots in the year for the Safety Patrols are the awarding of service medals to outstanding members and the annual picnic held in the spring.

Jeff Myers shows one of the duties of the Safety Patrol as he guards Dennis Bloomfield and Raymond Bungard from oncoming cars.

Girls Participate in Sports

The Girl's Athletic Association is an organization for girls who are interested in sports.

The Girls' Athletic Association meets every second and fourth Thursday nights. To draw more interest, the club has a point system. The point system is as follows: 350 points--Plague, second semester juniors or seniors. 250 points receive pins. 150 points receive pins.

Points are made by playing the following games: badminton, basketball, bowling, tumbling, volleyball, first aid.

This point system keeps the girls working for their desired goals.

GIRLS' ATHLETIC ASSOCIATION: President, Nancy Casebere; Vice-President, Jean Troyer; Secretary, Marilyn Clear; Treasurer, Pauline Keesler.

Our Varsity

The Butler "Windmills" started the year with a victory over Edgerton of 65-54. We were defeated in the next six games by a heartbreaking one to three points. The games with Angola and Garrett were hard battles and real let-downs for our team. Even though the Mills were defeated, we were proud of our team. They played some rough games and did their best to gain the victory for Butler High, but victory was not on our side.

In the Holiday Tourney, the "Mills" lost a good game to Angola, but salvaged the consolation game by defeating LaGrange. This year has been a rough year for our team, but Butler High is proud of their "Windmills."

Led by Mr. Amstutz as coach, the Injuns had a good basketball season this year. Winning one half of their regular games, the Injuns stepped out to capture the "B" Tourney title in January. Composed primarily of underclassmen, the team showed great spirit in teamwork and sportsmanship.

These boys are going to be watched closely next year as they will step up to varsity. With proper guidance and teamwork, these boys may do things for Butler next year.

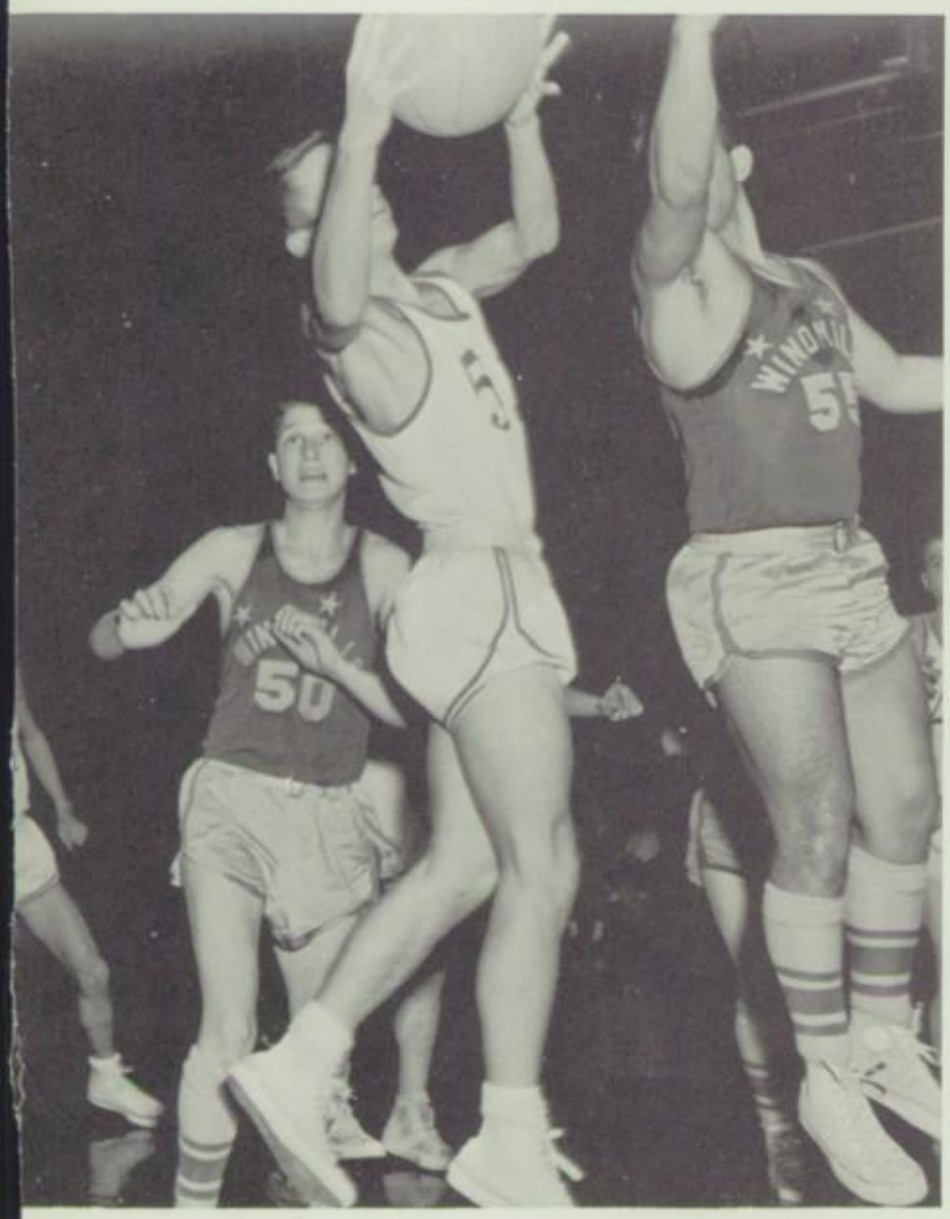
Home and at Sectional



Ron Shultz shows himself as a good defense man as he blocks Avilla's shot.

The question racing through everyone's minds is "Will it go in?"

All hands reach for the ball.

Dale Parkison makes another recovery.

Student managers are: Robert Antrup, Nathan Houser, Sheldon Shafer, and Butch Keller.

Student managers are very important to the basketball teams. We were fortunate, this year, to have such capable managers as Robert Antrup, Nathan Houser, Butch Keller, and Sheldon Shafer.

Their job is to keep uniforms clean and neat, basketballs polished, and help to soothe and bandage injured players. They help to keep the players in good spirits at all times. The cheerleaders did another fine job this year. They backed the teams through victories and defeats. Their leadership was an example of good sportsmanship. There was no "booing" from the Butler Booster Club. Their spirits were never dampened when the games didn't come out in our favor. They deserve our thanks for a job well done.

They Are the Push

This year the second team cheerleaders were Karolyn Patee, Nancy Casebere, and Carol Vose.

*At the Junior High Tournament, Butler suffered a crushing defeat by Huntertown of 19-34. Kendallville edged the consolation game from Butler with a 36-38 final score.

The Junior High Team, under Mr. Ross's direction, had a very successful season this year. They proved that they possess great promise for the future. Their fine sportsmanship and athletic ability will provide Butler with a fine varsity in years to come.

Compliments of SELTENRIGHT'S APPLIANCES

Cross-country is one of the least known of Butler's athletic events, but it's becoming one of the most popular.

The course is two miles over rugged terrain consisting of gullies and hillsides. Butler is very proud of its fine cross-country team.

The track team, here at Butler High, enters into many exciting events. The field events include: pole vaulting, shot-put, broad jump, and several running events. All these factors combine to make track one of the most popular athletic events at Butler.

Class Officers

Juniors

Getting closer and closer but not quite reaching the top, the Juniors work harder than ever before to reach the goal they have wanted so long.

Studying hard and preparing themselves for the future are at the top of their list. Fun, excitement, study, and money all go into getting ready for the Junior Play.

Juniors still have much to learn, but with their coming Senior year filled with responsibilities they will be better prepared for the future.

Class Officers are: President--Steve Johnson; Vice-President--Victor Lyon; Secretary--Marlene Sholl; Treasurer--Carol Vose.

Sophomores

The Sophomores know they must study hard this year to prepare themselves for their Junior and Senior years. These students entered a lot of activities this year. They learned how to assume the responsibility which goes with the work that must be done in order to achieve their goals.

Class Officers are: President--Dave Lane; Vice-President--Ginger Teegardin; Secretary--Sherry Kohl; Treasurer--Jack Hoffer.

Freshmen

The work of these students finally paid off, and they have earned the right to be called Freshmen.

These Freshmen are now able to join in high school activities and class themselves as high school students.

Class Officers are: President--Jim Smethers; Vice-President--Dale Parkerson; Secretary--Marletta Ault; Treasurer--David Fisher.

Compliments of PLATT'S RESTAURANT

When the books close, and the last bell rings, And school days are lost to other things--

When time's gone by and your memory is lame, And you remember a face but not the name--

Pick up your Tropaeum and leaf it through, And remember the days so dear to you.

Compliments of KELLY PLUMBING AND HEATING

A Word from the Editor

Before you come to the last page of the Tropaeum, I would like to say a few words. We, the staff of 1961, have tried to make this year's annual a good one, one which everyone will like. I hope we have succeeded, for we tried to put into it something that would have a special meaning for each and everyone of you. We have spent many long hours trying to capture the life we students live at Butler High. It has been a wonderful experience to have been editor of the 1961 Tropaeum and I shall never forget it. I will always be thankful to those who made it possible. Without my staff, though, the Tropaeum would never have been completed. Words alone cannot tell you, DeLilah, how much help you have been. You have been a good copy editor and I shall never forget you. Sharon, we all know how hard you have worked as business manager. You not only worked during the school year, but also last summer. My deepest thanks go to you. To you Robyn goes a vote of thanks for a job well done. Working as subscription manager is not an easy task as we all know, and I appreciate your work more than I can say. You girls worked whenever I asked for your help and never once did I hear you complain. I couldn't have asked for a better staff. We all want to thank Mr. Sadler for his help. I especially want to thank you, Mr. Sadler, for always being there when I needed you. You were more help to me than I can ever tell you. A big thank you goes to the junior staff who were there helping when they were needed. Last but not least we thank our advertisers, for without them we could never have raised enough money to have our yearbook, and finally to you, the students, for without you there would be no story of Butler to tell.

Now as I near the end, Carrie Lou, I would like to say to you have a wonderful year next year as editor of the Tropaeum for 1962. I know you will do a good job. We have worked together this past year. You have seen my mistakes and I hope you can profit from them. Thank you for all the help you have given me and I wish you the best of luck as editor of 1962.

Compliments of KELLER'S STANDARD SERVICE

To Pam,

Remember all the good times we had in all our classes. Especially English. Of course English is my easiest subject. I think one of the most remember we will always remember Art class. A one of the drawings which were drawn. Especially the "Beautiful Sunset". Remember the Green, red, yellow and startling skirt. Especially Karen's the rest of your life. Everything.

Best of luck in

Sincerely,
Judy

To Pam,

Fun we had together
during my first semester.
I will always remember
the time I stayed all night
here at Smith. When
I know you are down
in Louisiana, I will always
look me up. My address is RR 7
Oak Grove, La. Please
remember you always
have a friend. Best
Luck in all you do.
I'm sure you will go to the
top. Pat

Your friend,
